

Trane® Rooftop Unit (RTU) Turnkey Replacement

A fast, seamless, cost-effective upgrade for your aging rooftop unit.

Beat the Heat

**Secure reliable cooling, capture exclusive discounts,
and stay ahead of summer breakdowns.**

Is your RTU ready for the summer demand? Large rooftop units are constantly exposed to extreme elements. If you've been delaying a replacement of aging equipment, you are operating on borrowed time. Mounting seasonal pressures routinely drive equipment failure for many buildings at the exact same time, creating service provider shortages and drastically increasing the cost to get your systems back online.

**10%
promotional
discount*
& utility rebate
support**

**Discount contingent upon ship date before end of 2026 and other requirements. Discuss eligibility with your account manager.*

The Solution is Simple

We bundle our industry-leading OEM expertise with a **10% promotional discount*** and a **streamlined design-build approach** to keep your building cool and your budget intact.

The Turnkey Advantage With Trane

Exclusive 10% Discount*

Act now to secure a one-time 10% promotional discount* on your RTU replacement.

Minimized Upfront Costs

Optimize your purchase by pairing local utility rebate support (worth up to 15% of the unit cost on average) with flexible financing to reduce upfront capital expense.

Next-Level Efficiency

Lock in up to 30% energy cost savings with new, high-efficiency RTUs, backed by an OEM warranty and optional ongoing service agreements.

Turnkey Speed & Precision

Skip the multi-vendor bidding. We handle the complete solution, design and installation for fast-tracked delivery before the summer rush.

Take control before demand gets hot. Contact your Trane Account Manager to get started today!

**Discount contingent upon ship date before end of 2026 and other requirements. Discuss eligibility with your account manager.*
