

# Buffer Tank Rentals

**Reliable storage solutions available to rent when you need them.**

Trane's rental buffer tanks provide flexible, temporary storage solutions for HVAC systems, process cooling, and emergency applications. With ASME-coded construction and rental-ready features, these tanks deliver reliable performance for projects of any scale. Available in 500-gallon and 1250-gallon capacities to match your specific needs.

## ASME Certified Reliability

125 PSI rated tanks with pressure relief valves ensure safe, code-compliant operation. CRN Certification for Canada available upon request.

## Rental-Ready Design

Fork pockets and lifting points enable quick deployment and efficient storage.

## Status Indicator

Armored sight glass and pressure gauges provide clear visibility of tank status.
