

MyTraneControls.com

Bringing people, knowledge and systems together

The ultimate Tracer Summit™ online resource

MyTraneControls.com is a free online companion created especially for Tracer Summit™ operators. We designed the site to work the way you do, since you are expected to control your facility's environment while saving time and money. Members of MyTraneControls.com can quickly and easily find information on how to use Trane systems to help streamline building operations, reduce energy and maintenance costs, and most importantly, keep occupants comfortable and productive.

MyTraneControls.com helps you stay up-to-date on industry news, issues and strategies for effective building management. It gives you 24/7 access to tech support and product info as well as a quick response to many of your important questions. As a member of this community, you can participate in online discussions and interactive bulletin boards where you learn from the experiences of other Tracer Summit users.

Product Information

The Product Information section of MyTraneControls.com provides valuable information and documentation to make the best use of your Tracer Summit system. Additional resources help you stay up-to-date on industry news, issues and strategies to improve your effectiveness on the job.

- Find online documentation about applications and features.
- Access reports that can turn data into meaningful information to help you make more informed decisions.
- Get information about upgrading software on your current Tracer Summit system.
- Access a graphics library to simulate building operations on your system.

Tech Support

The Tech Support area is your first step in finding solutions to the most common questions operators have. Here you can search FAQs, Tracer Summit system bulletins and help files. Plus, there's more . . .

- Get the answers to the most frequently asked questions about the Tracer Summit system and its uses.
- Learn from educational and technical how-to articles.
- Participate in online discussions and interactive bulletin boards to learn from other Tracer Summit users and their experiences.

A free online support and training resource for Tracer Summit owners and operators.

- Find resources easily and quickly.
- Get the expert advice and support you need.
- Master your Tracer Summit control system.
- Access additional training through Trane College of Business Automation.

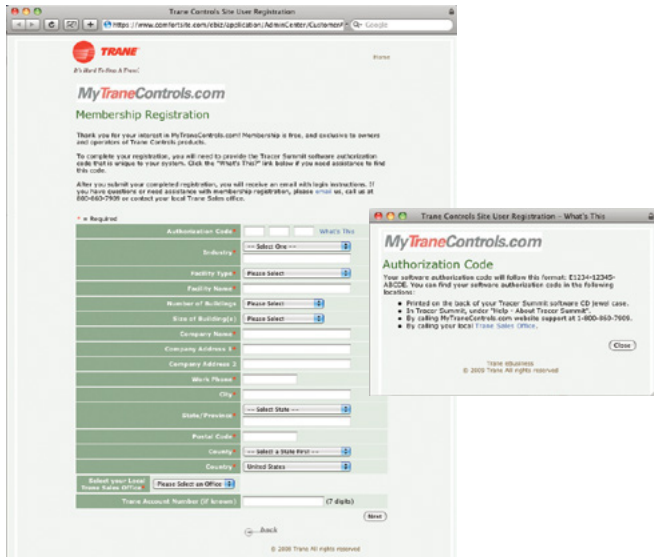

Training Center

In the Training Center you have access to a wide array of training courses. From basic user training to premium training opportunities for advanced users, learn how to get more out of your system and facilities. This is where you will take control of your building with Tracer Summit. You'll learn power-user tips to complete tasks faster and more efficiently.

- Get details and register online for classroom or hands-on training opportunities.
- Find local training and live web seminar schedules.
- Access online instructional programs.
- Obtain self-study information.

The screenshot shows the MyTraneControls website. The browser address bar displays the URL: <https://www.trane.com/COMMERCIAL/Controls/MyTraneControls/Default.aspx>. The page features a navigation menu on the left with categories such as HVAC SYSTEMS, BUILDING SERVICES, CONTROLS, PRODUCTS, PARTS & SUPPLIES, EDUCATIONAL RESOURCES, FEATURED CASE STUDIES, ENERGY, IAQ & THE ENVIRONMENT, FINANCING, DESIGN & ANALYSIS TOOLS, and TRANE FOR ENGINEERS. The main content area is titled "MyTraneControls.Com Log In" and includes a "Member Log On" form with fields for "User ID" and "Password", a "SUBMIT" button, and a "Forgot your password?" link. Below the login form, there is a "product info" section with images of product manuals and a "tech support" section with an image of a person at a computer. At the bottom, there is a "training center" section with an image of a classroom and the text "COLLEGE OF BUILDING AUTOMATION". The right sidebar contains several promotional boxes: "Locate a Trane Sales Office", "Controls Training", "Integrated Solutions", "MyTraneControls", "Performance Agreement for Comfort (PACT™)", and "Product Literature".

Register now and receive full access to the wealth of benefits found in MyTraneControls.com.

Find your authorization code

Your software authorization code will follow this format: E1234-12345-ABCDE. You can find your software authorization code in the following locations:

- Printed on the back of your Tracer Summit software CD jewel case. (Example circled in red at right.)
- In Tracer Summit, under “Help - About Tracer Summit”.
- By calling MyTraneControls.com website support at 1-800-860-7909.
- By calling your local Trane Sales Office.
