Color Selector

Performance Climate
Changer™ Air Handlers

For a flawless finish on your Trane air handlers

Seven color choices—applied as the final finish—are available as a “standard” special for Trane Performance Climate Changer™ air handlers. You will be able to select these colors in Trane Select Assist™, and you will no longer be required to send in paint samples for our paint vendor to match.

If a job-specific paint color is desired, that option is still available and paint samples will still be required to match colors.

Attractive finishes by Trane for Performance Climate Changer air handlers

Deluxe Beige

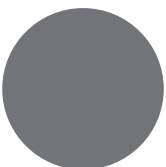

Soft Dove

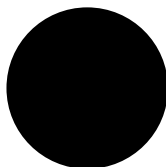

Cameo White

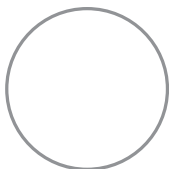

Driftwood Grey

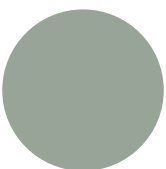

Stone Grey

Coal Black

Snow White

Slate Grey*

*Standard outdoor selection

Note: These brochure color swatches are simulations of unit paint color, and will not exactly match unit paint color. Actual unit paint color will vary due to differences in the absorption of metal vs. paper and print variations. Color swatches may also be affected by prolonged exposure to light.

We are committed to using environmentally conscious print practices that reduce waste.

TRANE
TECHNOLOGIES
