

The Trane Customer Portal

Simplify a better way to manage your building

Working with Trane makes your buildings better and your workday more productive. And now you can access Trane tools and information in one convenient online portal: mybuilding.trane.com.*

Your exclusive site

This secure, interactive site is dedicated to you and your building. It places real-time information at your fingertips, anytime you need it. And it makes it easier to connect with your designated Trane team of service technicians and account managers.

- **Simplify:** A single log-in provides convenient, single-point access to all your Trane applications
- **Work with the facts:** Improve the bottom line by basing decisions concerning building systems and services on current data
- **Get more done:** Streamline your workday with simplified processes for requesting service...assessing energy use...paying invoices...and much more

Mybuilding.trane.com

It's virtually full of possibilities:

- Assess your building's energy use and environmental impact
- Check your facility's "health" by reviewing alarms and diagnostics
- Manage system assets and optimize upgrade/replacement strategies
- Discover potential problems by reviewing service histories

Single-point access

Mybuilding.trane.com provides single-log-in, secure access to the customized information and tools that are available through Trane.

Asset and service management
