

Package Programs

The Trane University™ Package Programs

are designed to allow customers and independent office employees to receive a discount on training costs for attending any corporate level training through the purchase of credits. The training credits can be acquired by purchasing a package (Platinum or Gold) through the Trane Education Center or calling Trane University toll free at 1-855-803-3563. **Through these packages, you are able to receive free training classes (equivalent to 25-40% off course tuition).**

There are two packages to choose from:

GOLD PACKAGE: you get 7,600 training credits for \$5,700 (up to 4 courses for the price of 3); good for one year from the date of purchase.

PLATINUM PACKAGE: you get 47,500 training credits for \$28,500 (up to 25 courses for the price of 15); good for two years from the date of purchase.

The training credits can be used to purchase any factory level course. **Each credit is equivalent to one dollar.** These credits may be applied to courses offered through Building Systems and Controls and Technical Service Training, subject to their enrollment policy. They can be used by one employee or twenty-five employees; they are not tied to a single individual.

How do I purchase and use a package?

1. Determine the package that will best benefit you or your company.
2. Create a profile in Trane Education Center (TEC) if you don't already have one, AND create a profile for each employee you want to enroll in a course.
3. Login and search the TEC online catalog for the appropriate package program (Search for "Gold" or "Platinum"), select Add to Cart and proceed to your shopping cart for payment.
4. We will receive notification that you have purchased a package and will contact you within 24 hours to activate the program and give you the Package Code. The credits will then be available to apply.

5. Login and search the TEC online catalog for the course(s) you want to send your employee(s) to and proceed to the shopping cart (uncheck Enroll Self if you are not attending). Select “Training Credits” as your payment method and put in the Package Code we gave you; click Apply. You will use the same Package Code each time you want to apply credits to a course enrollment. After you have completed checkout, Click on “My Orders” to select the individual(s) to apply the course(s) to. You do not need to apply all credits at the time of purchase.

We will track the credits your company has used as well as send periodic updates and reminders of your remaining credits.

Engage. Learn. Achieve.
